LORETO COLLEGE, KOLKATA

VISION

In concordance with our Founder Mary Ward's core values of justice, freedom, sincerity, truth and joy, our goal is to form women alive to the needs of our world, with the knowledge which gives them power to act, motivated by the love which gives them purpose and wisdom in their action. We believe that:

- every woman who is empowered to her best potential proclaims the Glory of God
- our institution must be a dynamic entity, to discern changing needs and re-adjust structures and activities in response
- this demands high levels of awareness at the administrative level so that education becomes a continuous process involving staff, students and parents
- the college is a place where social justice and equal access contribute to the quality of our nation
- our institution prioritizes the practice of important human values and encourages the students to gain confidence and initiative even as they commit themselves to academic excellence.

MISSION STATEMENT

We, in Higher Education, aim at forming informed and empowered women who respond to the needs of the universe with competence, conscience, compassion, and who persevere in 're-searching' for relevance and authenticity in a changing world.

ABOUT US

An institution of higher education in India today, Loreto College, Kolkata has been **re-accredited in 2021 by the National Assessment and Accreditation Council (NAAC) with grade 'A' (2021)**, for the 4th cycle. **The B.Ed. Department**, founded in 1913, is recognized by the National Council for Teacher Education (N.C.T.E.) and was awarded the B++ grade by NAAC in 2003. The Department was re-accredited as a part of the college in 2009 and was awarded an 'A' grade.

Loreto College was established in 1912 and is managed by the religious order of the Institute of the Blessed Virgin Mary. It is a Christian Minority college aided by the Government, committed to providing the highest quality education for women to enable them to develop their intellect and talents and to participate effectively and fully in society. This institution, which is now 113 years old, has been **awarded 'Heritage' status certified** by the KMDA. Loreto College is an affiliated, undergraduate college of the University of Calcutta. In 2016 the college received sanction from the University of Calcutta to begin a **post-graduate Master's Course in English** and a **Master's Course in Psychology** is due to commence from 2024.

Loreto College's vision of holistic education and a commitment to high academic standards has culminated in it being awarded the status of **CPE (College with Potential for Excellence) for the 3rd cycle in 2014**. It has also been ranked **by NIRF (National Institutional Ranking Framework)**, Ministry of Human Resource Development, Government of India.

The college has a centrally located campus of 2.75 acres with commendable infrastructure that includes spacious classrooms, a concert hall, an auditorium, health services, a computerized open-shelf library, a canteen, two staff rooms and two common rooms for students.

Loreto College has been innovative and creative in its approach to education and has an active **Internal Quality Assurance Cell (IQAC)** that continuously strives to raise the institutional standards and ensure the best possible educational quality. Student-teacher relationships are nurtured and cherished and there is an effort towards evolving new evaluation patterns for the students.

Value Education has been and continues to be a major thrust area for this institution. The students attend one session of Value Education per week where they are encouraged to cherish the Loreto values of love, freedom, justice and sincerity even while they strive to attain academic excellence and develop self confidence. Special emphasis is placed on sensitivity, inclusivity and

responsibility. Students are also made aware of gender issues, HIV and substance abuse and cancer prevention, among other issues. Compulsory Community Service is an essential component of Value Education.

All stakeholders, including management, faculty and students engage in a form of governance that is participative and decentralized. The institution has highly qualified faculty members in keeping with UGC norms. It has a healthy research culture with scholarly publications of faculty members in national and international journals. Students are also strongly encouraged to publish guided research papers and projects.

Loreto College has changed much since its founding in 1912, but throughout its history there have been certain enduring factors: an uncompromising defence of academic and intellectual freedom, an attention to the interface between college education and the larger issues of world order and human dignity, and a concern for the rights and privileges of women. Today the college continues to benefit from a dynamic relationship between innovation and tradition and while Loreto's basic curriculum of the humanities, arts and sciences still flourishes, the college also responds to the intellectual needs of today's women by offering new courses and preparing students to fulfill their responsibilities to the local, national and global communities in which they reside.

The **courses offered** in this college include B.A. (Major & Honours) in Economics, Education, English, History, Political Science, Psychology & Geography; B.Sc. An inclusive institution, Loreto College aims to develop not only high academic standards but also to inculcate values of leadership, commitment and selfless service for sustainable development. In its endeavour to prepare students to face global requirements while encouraging them to contribute to the development of the nation and serving the needs of society, the college has an active NSS unit as well as a Leadership Training Service Society and a Social Service Society. A Women's Cell was opened in 1996 by committed staff members (retired and current) as well as

students and friends of the college: this provides an adult literacy programme for young disadvantaged women.
