LORETO COLLEGE, KOLKATA

COMPUTER DEPARTMENT

To ensure a smooth learning experience, please complete the following before the workshop:

1. Download the IPL dataset (attached to the email sent to enrolled participants).

2. Students must download Tableau Public from the given

<https://www.tableau.com/products/public/download>

3. Students must create a free account at

<https://claude.ai>

Having these ready in advance will help you follow along with the hands-on activities seamlessly. If you face any issues, feel free to reach out before the workshop.
